**Rules for HC weekend awards-Buckles:*

- Each dog competing for WTCH Aussie, WTCH Other Breed Non WTCH must be entered in all trials and all classes on each day to be eligible for any high combined award.
- The Most Promising Started Aussie and Most Promising Started Other Breed does not require entry in all trials but the dog must be entered in all classes of stock in Started in at least two trials.
Only started scores will be counted toward the total of the Most Promising Started Aussie or Most Promising Started Other Breed awards. For the started awards we use only the two highest started scores from each class of stock – ducks, sheep, and cattle, to compute the combined score. This provides the opportunity for dogs to move up to open after two qualifying runs if the handler wishes to do so. However, if the handler of a started Aussie or OB wishes to compete for the High Combined Aussie non-WTCH or HC Other Breed award (instead of the Most Promising Started Aussie award), that intention must be declared before the start of the trial.
- A dog can only compete for one award category and if there are multiple possible awards, the handler must declare which award is being sought before the trial begins.
- All scores will be included in the total for high combined awards except where noted.

ASCA® rules apply. ASC of Idaho and their members assume no responsibility for any loss, damage, or injury sustained by an exhibitor, handler, dog, property, child or spectator. No entry fee will be refunded if the show cannot open or be completed due to riots, civil disturbances, acts of God, public emergencies, weather, or other events beyond the control of ASC of ID. Entries must be made on the official and current ASCA® entry form.
